> Re: Discharge of oil

> > from the Incont Corporation on 21 March 1977

Dear Mr. Gasson:

This will acknowledge receipt of your check in the amount of \$400.00 for payment in full of the penalty incurred by the inmont Corporation, for violation of Section 311(b)(3) of the Federal Water Pollution Control Act (hereafter referred to as the Act) on 21 March 1977.

In the event that the Federal Government had to accomplish a cleanup, and reimbursement did not follow, remittance of the above civil penalty would not preclude the initiation of action to recover the cost to the Federal government of the cleanup.

Further, this does not preclude penalty action for any violation of Coast Guard Pollution Prevention Regulations promulgated under authority of Section 311(j) of the Act or penalties, under authority of Section 311(1)(2) of the Act for failure to properly remove the discharged oil. This action does not preclude penalty action by the U. S. Environmental Protection Agency (EPA) for any failure to adhere to EPA Pollution Prevention Regulations, pursuant to Section 311(j) of the Act.

Sincerely.

J. M. MULLEN

Commander, U. S. Coast Guard Chief, Marine Environmental Protection Branch By direction of the district Commander
